

Vanderburgh County Health Department

Onsite Sewage Disposal System Voluntary Installer Certification

The installers in the top section of this list have voluntarily certified through the Vanderburgh County Health Department, the remaining installers have not been certified through the department. To achieve certification the installer must receive a passing score on an onsite wastewater disposal test. This list is meant as a reference tool for those seeking an onsite sewage disposal system permit. The applicant is not required to choose an installer from this list. This list does not constitute an endorsement of the listed installers nor is it a guarantee of their work or the operation/function of the onsite sewage disposal system.
